### OFF GADGETS PROGRAM

Eruditio Academy strongly advocates for limited screen time and gadget use in children. We offer programs that provide children and adolescents alternatives to digital media.

These programs include online and offline activities.

### Program Features & Inclusions

Online and Offline Learning

Parent Empowerment Seminars

Club Membership

## About Us

Eruditio Academy is an education service institution that offers online and offline learning and development programs for preschool to high school.

Eruditio subscribes to the *whole child development approach*. We develop the four human dimensions in children and youth: body, mind, heart and spirit.

Moreover, we give equal emphasis to parent education and empowerment thru parenting seminars, workshops and access to learning and development materials.
